HOA fees _____
Other expenses _____

Cell Phone Expense

This is another area that the IRS is focusing on. Cell phone expenses must be apportioned for business and personal use. The IRS does not believe that cell phones are used 100% for business unless you have a separate cell phone for each. We must report the personal and business use percentage on the tax return. These percentages should be supported by a written record such as your cell phone bills calls marked as business or personal.

Total Cell Phone Expenses _____ Business % _____ Personal % _____
